Description:

This boat stands out as an open whilst also offering a spacious and fully equipped cabin. Its asymmetric deck allows the opportunity to enjoy deep, wide access decks to the bow and stern which allow for safe and fast ease of movement. Alongside the bows access deck there is a large sunbathing space with safe and secure access. At the head of the bow there is a comfortable area from which to work the anchor and an equipped fender locker.

On the stern a deck with a large surface area also provides ample seating, a swim ladder, another fender locker, a shower and the entry way to the cockpit which means the whole family can enjoy a swim together. The large amount of teak decking and details makes for a very attractive overall feel. In the central zone the large console protects the helms mans seats, the cockpit and the entrance to the spacious cabin with separate bathroom, a dinette which can be converted into a double berth, a fully equipped kitchen with a fridge and numerous storage lockers.

Technical equipment:

Hot water system, Holding tank, GPS plotter, Depth sounder, Compass, Bathing platform, Refrigerator, Shore supply , Anchor windlass
